NEW PRAIRIE HIGH SCHOOL 1986-87

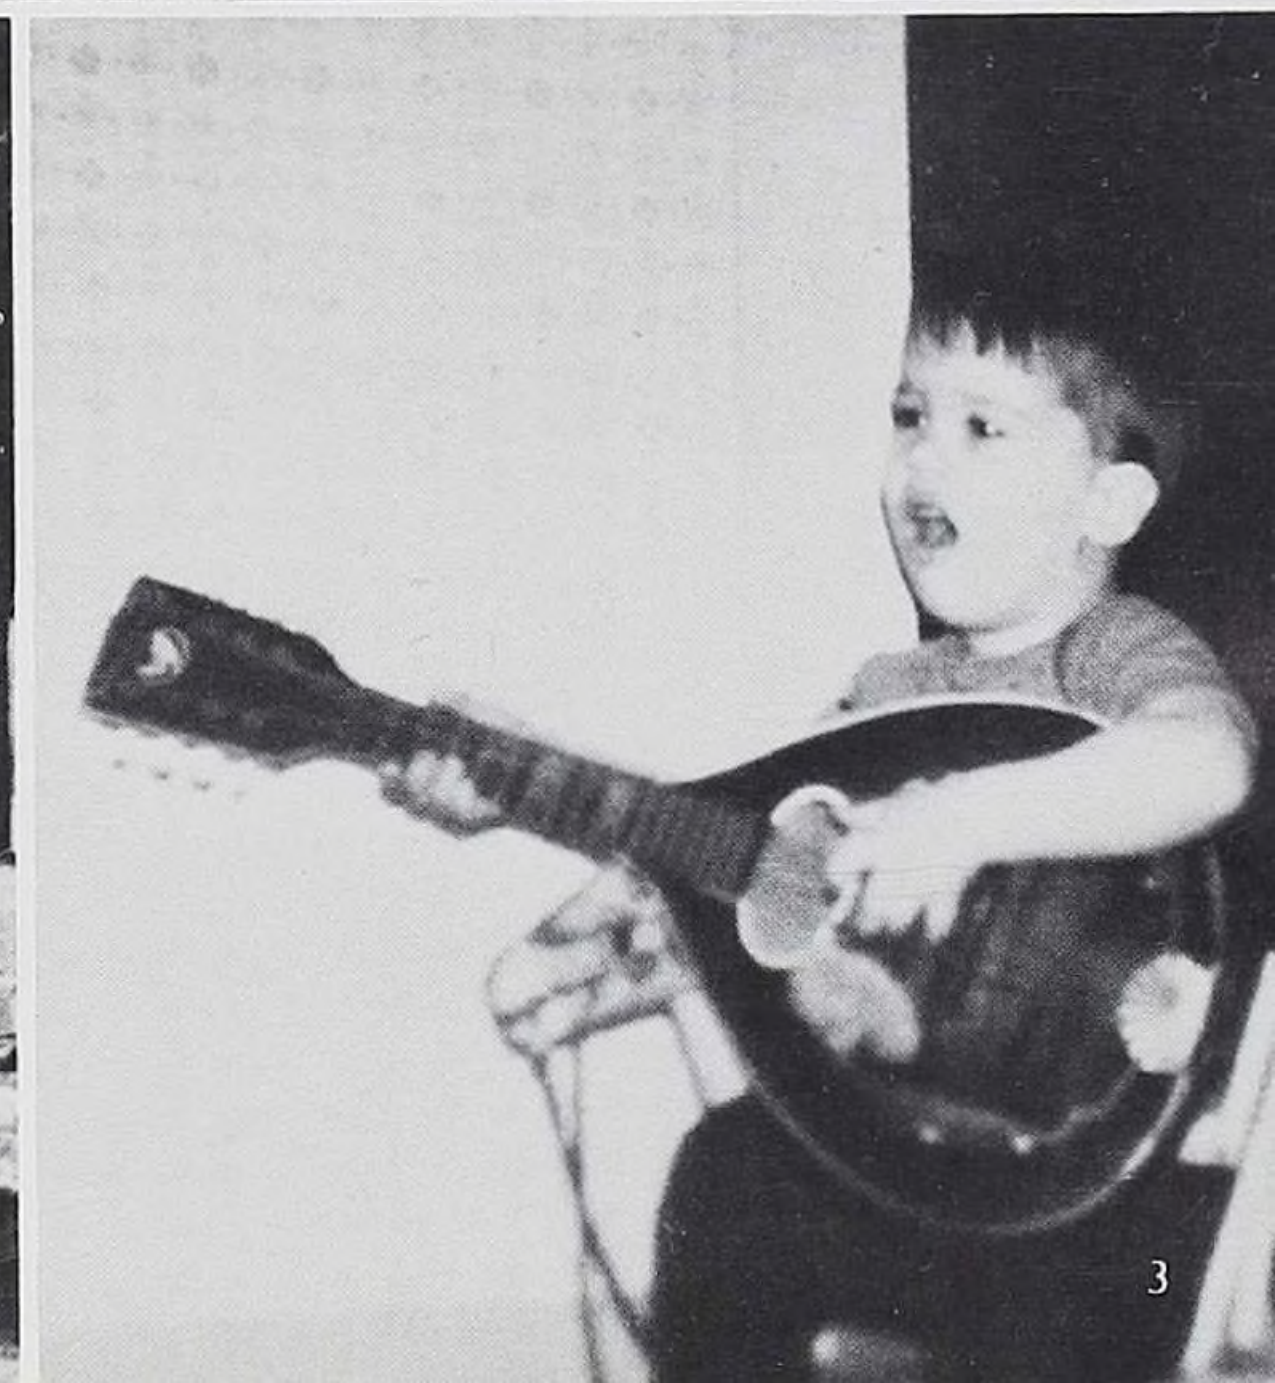

### *I SAID A PRAYER FOR YOU TODAY*

*I said a prayer for you today  
And know God must have heard  
I felt the answer in my heart  
Although He spoke no word!  
I didn't ask for wealth or fame  
(I knew you wouldn't mind)  
I asked Him to send treasures  
Of a far more lasting kind!  
I asked that He'd be near you  
At the start of each new day  
To grant you health and blessings  
And friends to share your way!  
I asked for happiness for you  
In all things great and small  
But it was for His loving care  
I prayed the most of all!*

*KRISTONE*

# STAFF

The cooks and custodians are a vital part of life at New Prairie. They are our unsung heroes, cleaning up messes and preparing meals. We sometimes take them for granted assuming they will always be here for us. If they would leave we would be practically helpless: no food, no one to fix our lockers, no one to clean up after us. We could do little without these fine members of the staff.

## *Remember When . . .*

Mr. Rokosz kept track of the number of accidents we had as juniors?

The old lockers?

Nancy Bernth dressed up as Buckwheat for costume day our Sophomore year.

Suzanne Seering had to keep Tom Olson awake during his dad's history class?

Shelly Gall's wrap around skirt came undone and fell off in music class at Hudson Lake?

The Senior class had a party at the Spaghetti Works Hotel and everyone thought the police were there so they jumped out the second story windows?

Tim Spear drove to school, forgot he drove, and rode the bus home?

The whole physics class got detention for going outside? and Janice Vice told Mr. Miller it was because there was poison gas leaking from the chemistry room although they were still in class?

Don Ritschard won \$93 on U93 by knowing the "phrase that pays."

Neal Carboneau, Jeff Stahl, Chris Whitmore, and Daren Hansen "punked out" the last day of school our junior year?

Mrs. Sandburg gave a Sociology final and the answers were in order; everyone got an A except Brad Cooper, he flunked!

Greg Murphy broke his ankle on Senior Skip Day?

Tim Spear got pulled over for speeding and didn't have his license with him so he had to give the officer \$30 to stay out of jail on Senior Skip Day?

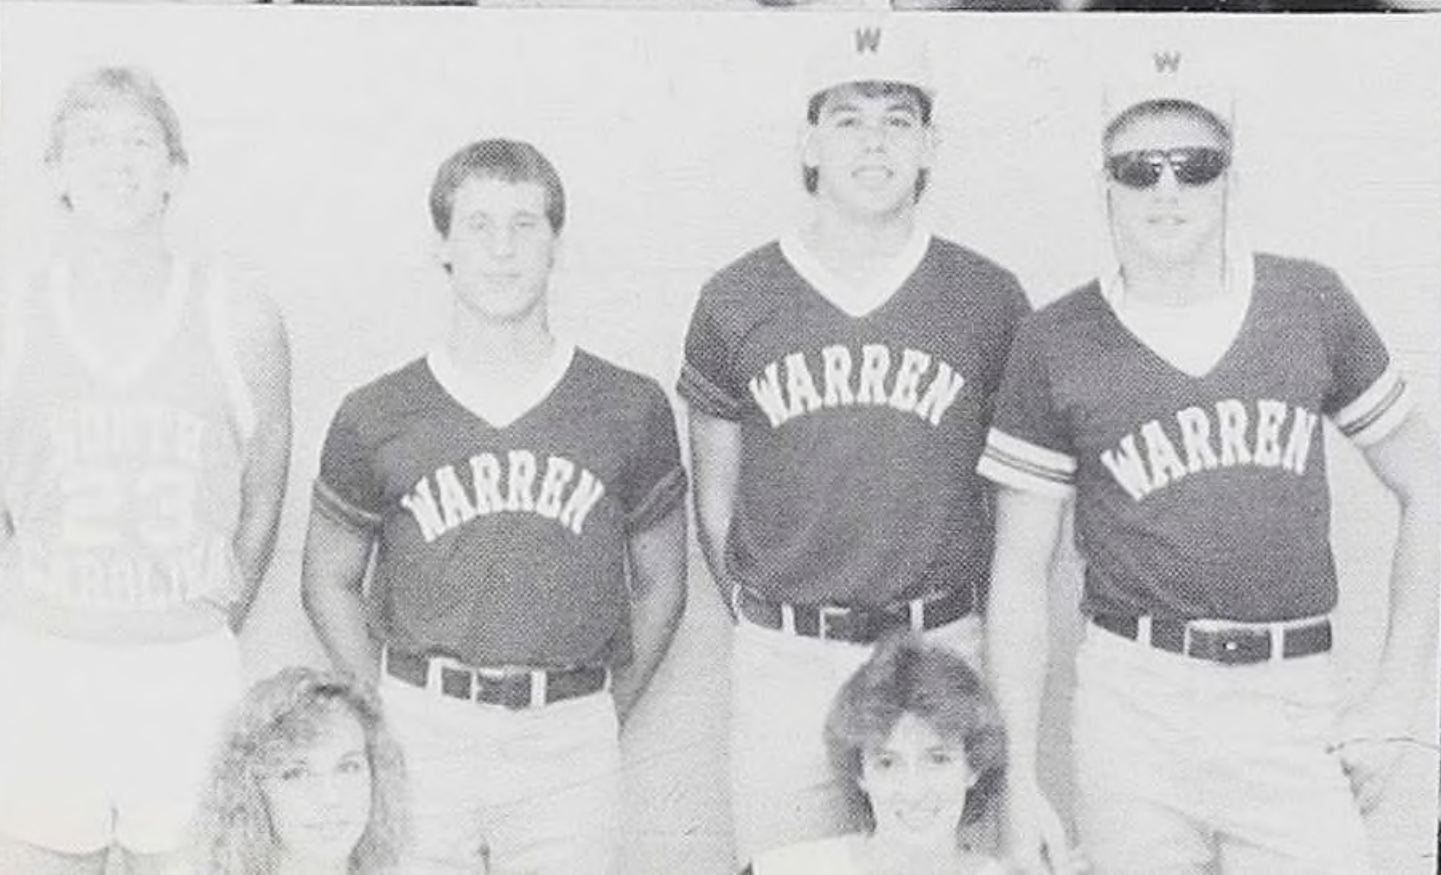

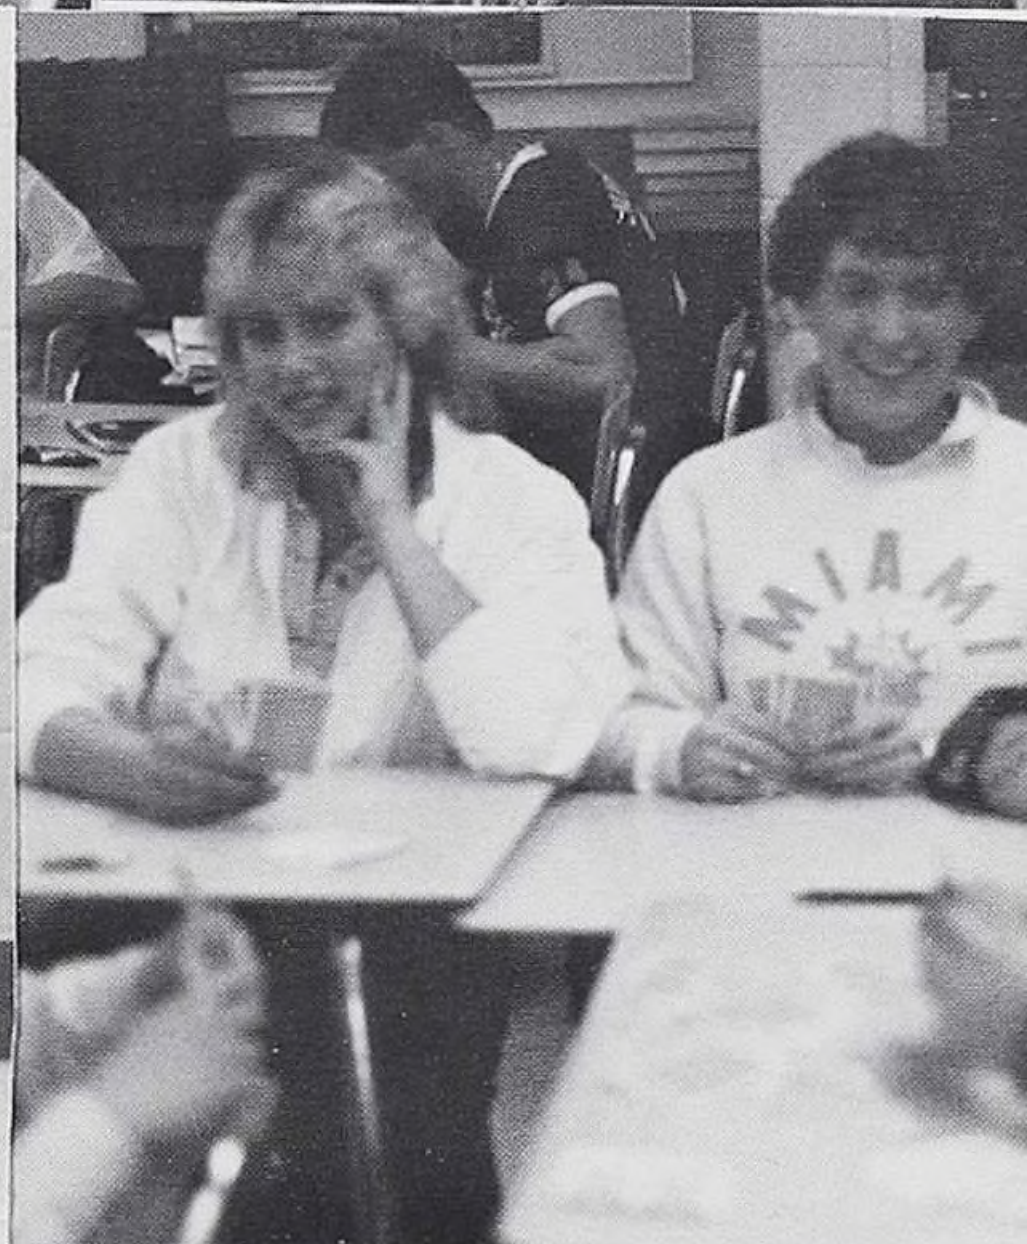

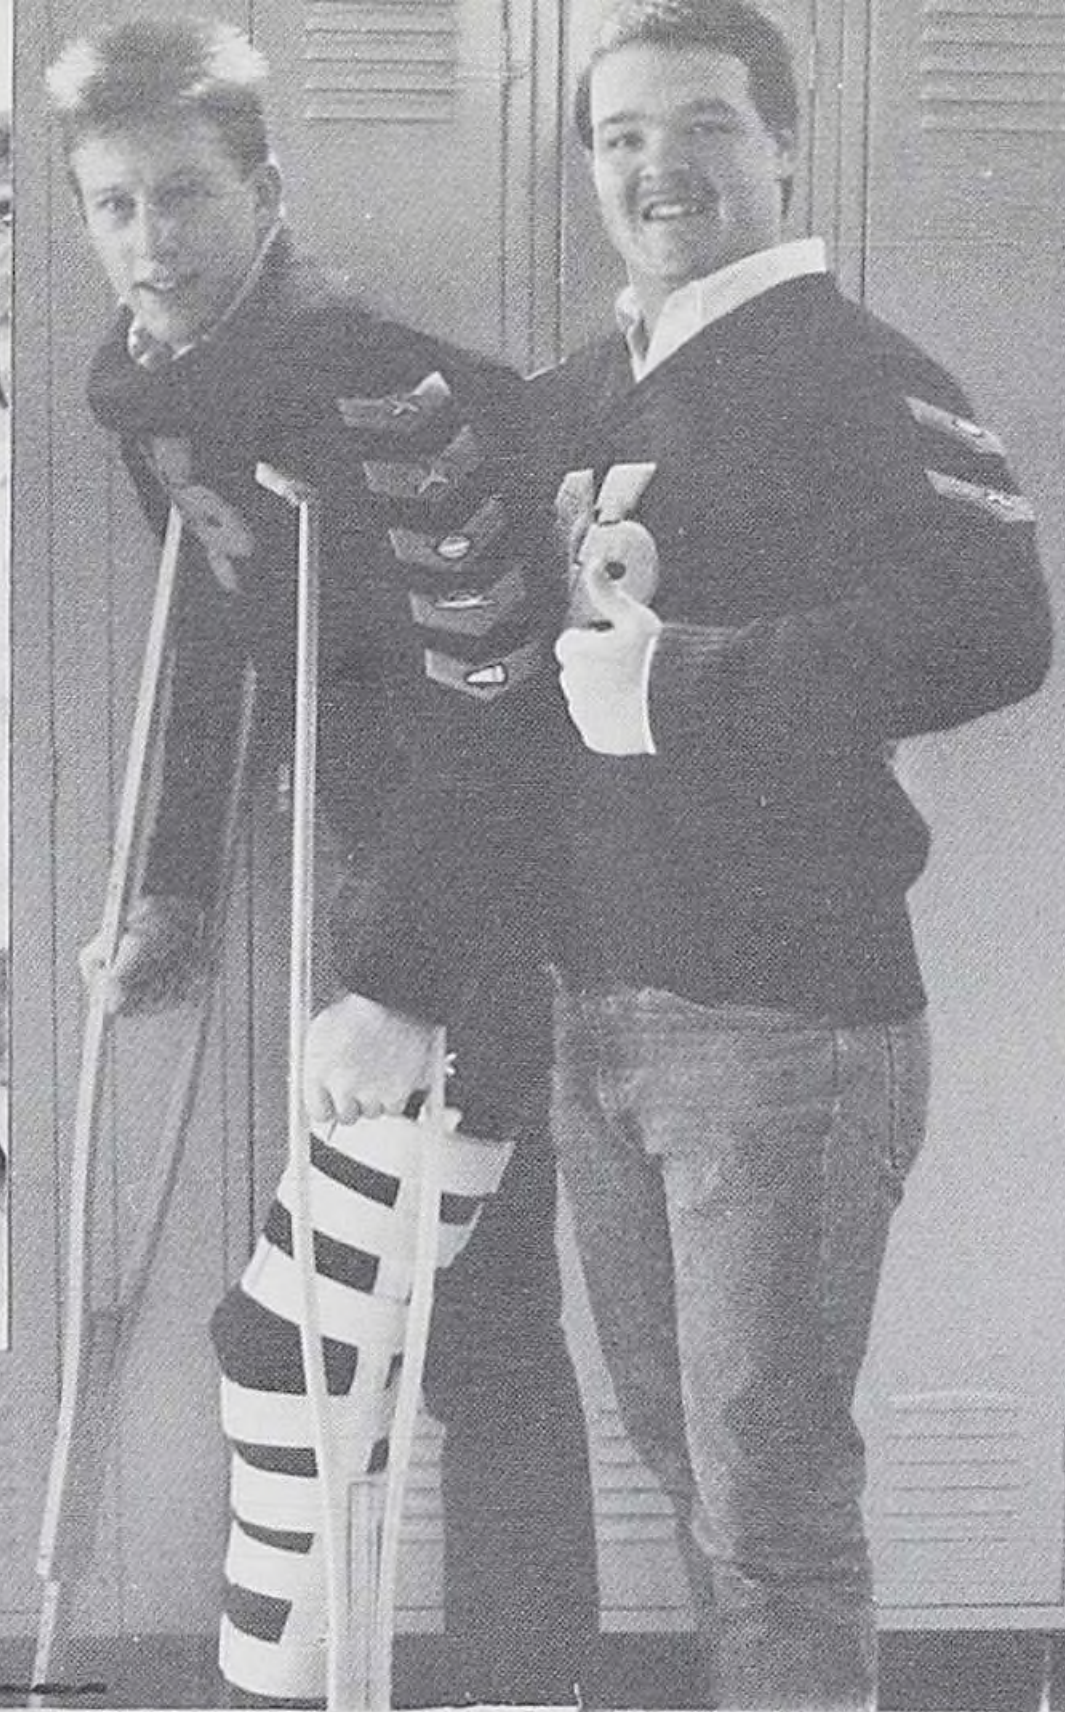

Don Ritschard fed D-Con to Greg Murphy's mouse during a Biology experiment and then him and Tom Olson hid it in Dwayne Kepplin's Locker?

Kelly Barnes and PJ Bernth got caught kissing in 7th grade by Mrs. Miller?

Don Ritschard gave the volleyball team an extra boost by hitting the back of their bus and totalling his car?

We beat LaPorte in Sectionals, 78-70?

# JUNIORS

The junior year has always been said to be the hardest which proved to be true for this years juniors. Between working on and finishing their research papers and studying for numerous history tests the juniors learned the art of skipping classes ... and not getting caught. Cruising, going to the movies, and stopping at Burger King to chat with friends was the "thing to do" on weekends. They certainly lived up to the title of "upperclassmen".

# SOPHOMORES

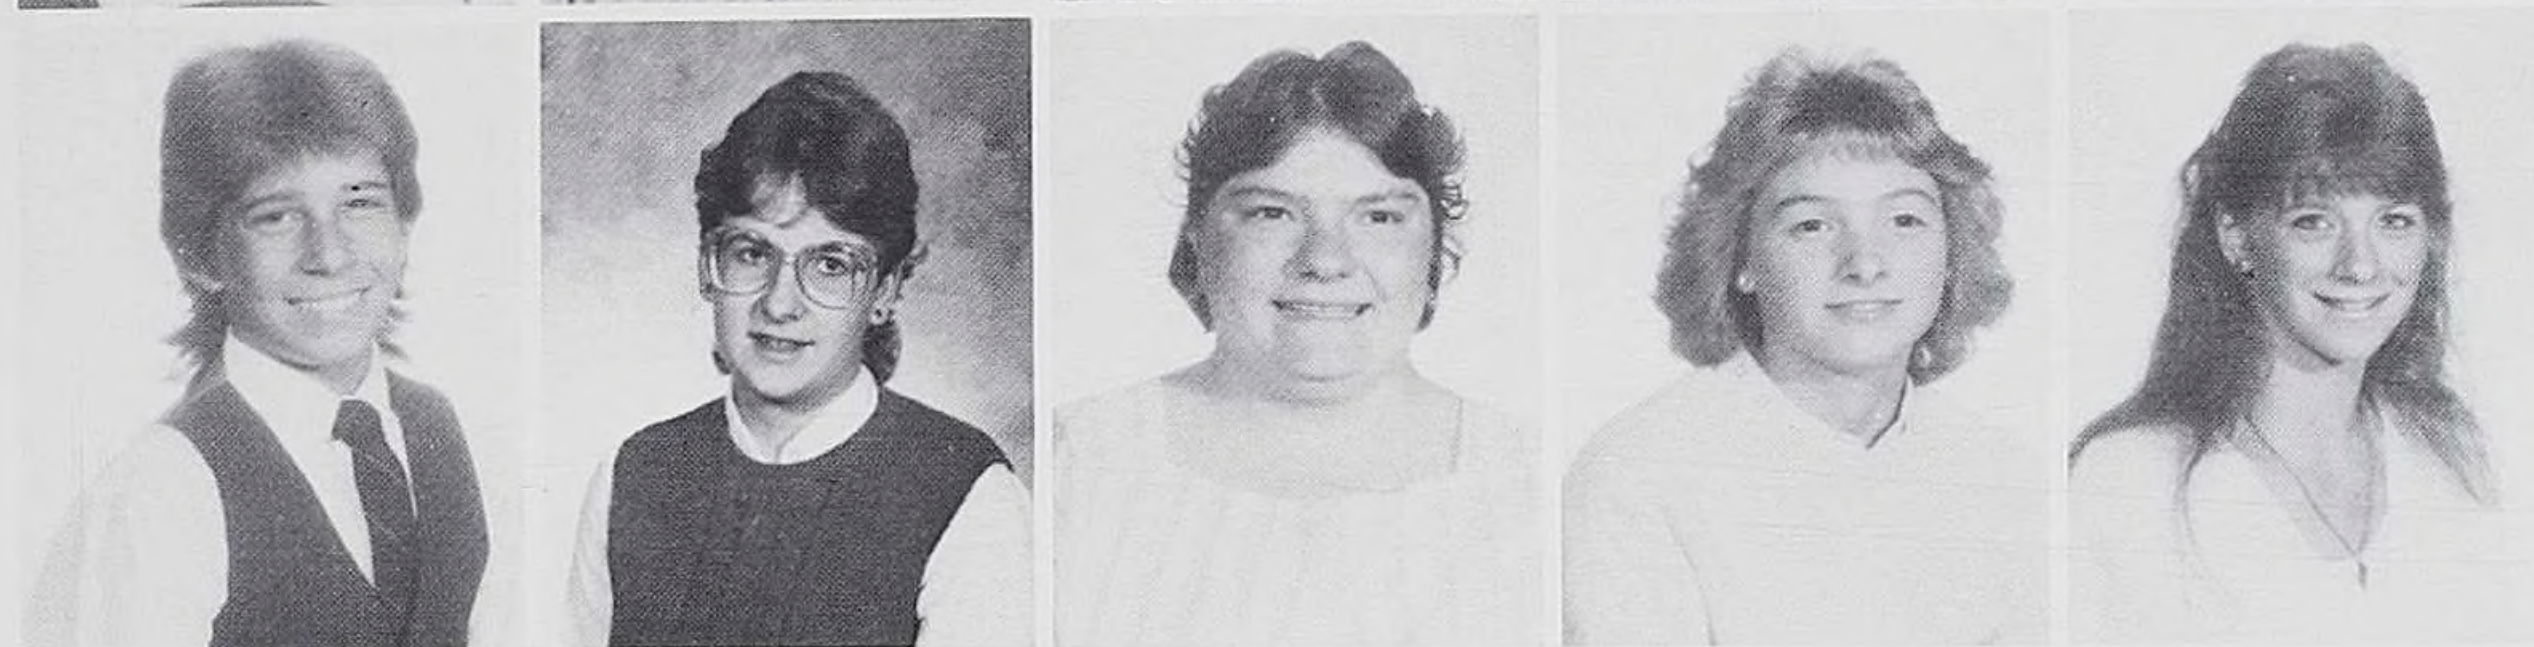

The sophomores started their year with selling magazines to earn money for their Junior/Senior Prom. They also had the privilege of ordering class rings. To fill their time they joined clubs, participated in sports and bummed rides off upperclassmen so they could go cruising. They soon realized that they didn't have as much power over the freshmen as they thought they did at the beginning of the year.

# FRESHMEN

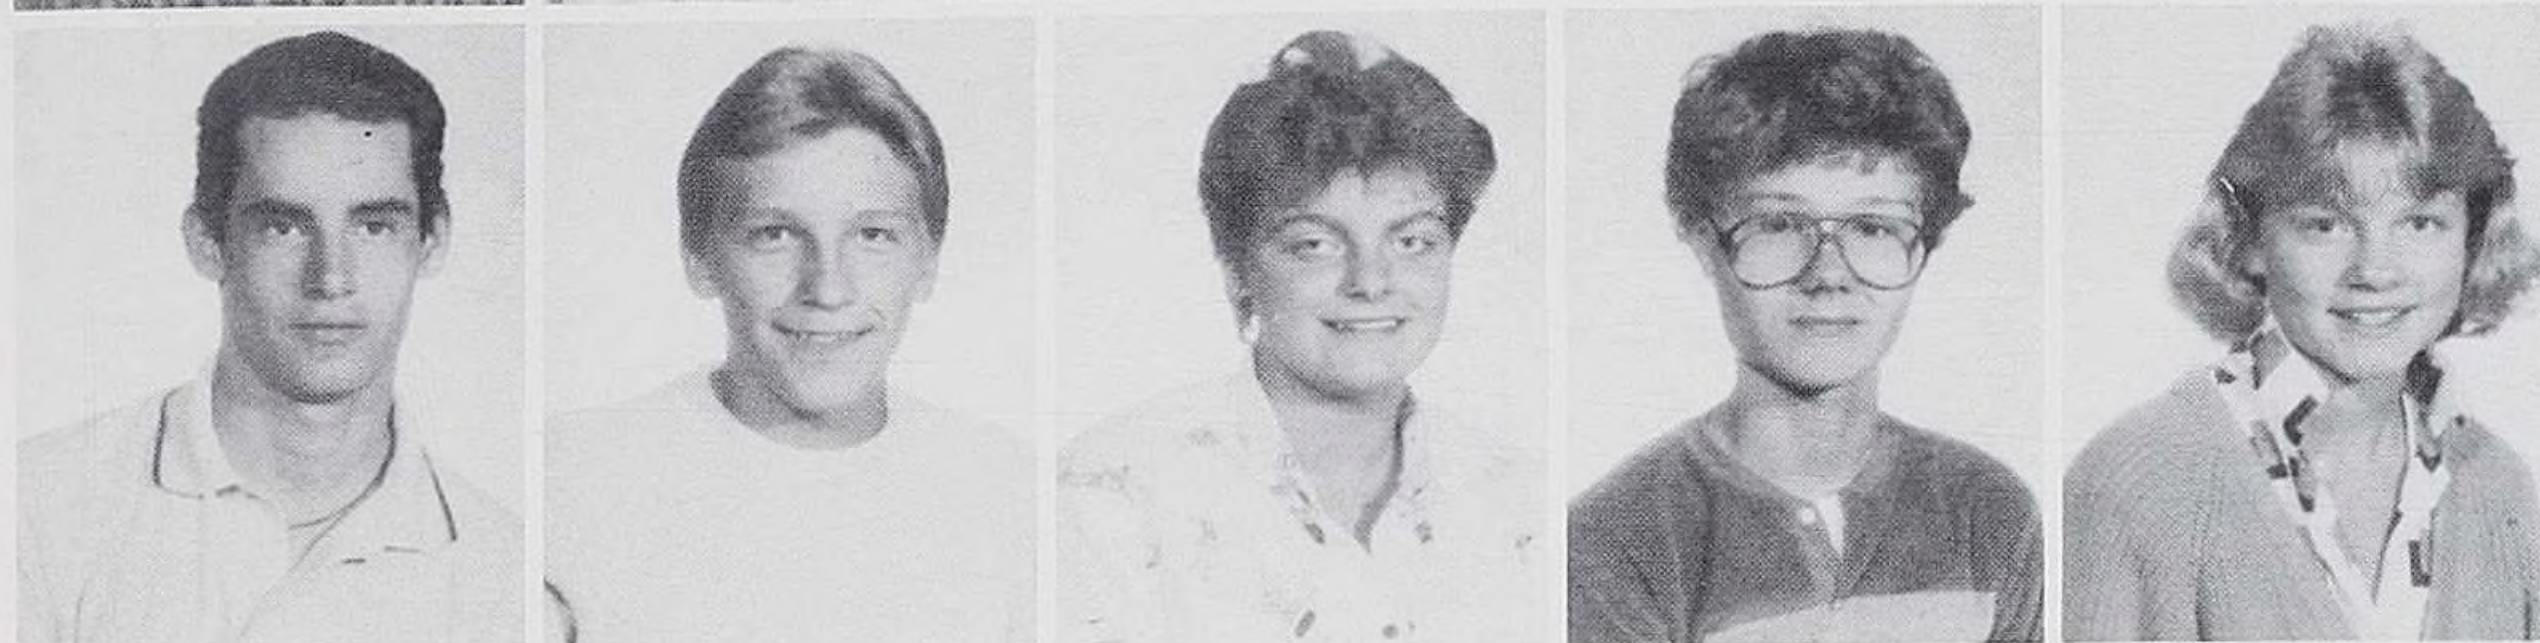

Trying to find the right classroom or hallway was the main problem for the freshmen at the beginning of the year, but as the year progressed things got better. They realized that it was a definite mistake to walk thru the senior lockers, let alone talk to them. Some of them even found out that there really wasn't an elevator in the school! The freshmen are certainly looking forward to next year when they will not only be sophomores but they will also be considered "upperclassmen" by the new freshmen class.

Congratulations Class of 1987

Robert and Paula Romig

Kenneth and Vicki Towle

Mr. and Mrs. Harry Dudeck

Dr. and Mrs. Keith Powell

As editor of the 1987 annual I would like to say that this yearbook was well worth all of the time, effort, and stress that went into it. People became frustrated and deadlines were sometimes missed, but I learned a valuable lesson from all of this — patience. Everything couldn't always be done how and when I wanted it, and I had to accept it. One thing that I would like to apologize for is the fact that the freshman basketball picture is not in this yearbook. It was not taken with the rest of the pictures, and when it was taken it was too late. I am also sorry if anyone's name was misspelled or left out; we tried our best but didn't always get things right.

I wish to thank the following people for their help and cooperation: Miss Kindt, Mr. Colborne, Ms. Cortier, Mr. A.K. Miller, and the entire staff of Prairie Life.

Sincerely,

Janice M. Vice

P.S. Please do not hold others responsible for the mistakes in this yearbook; I am solely responsible. If there is a problem please bring it to my attention. Thank You!

# Winning

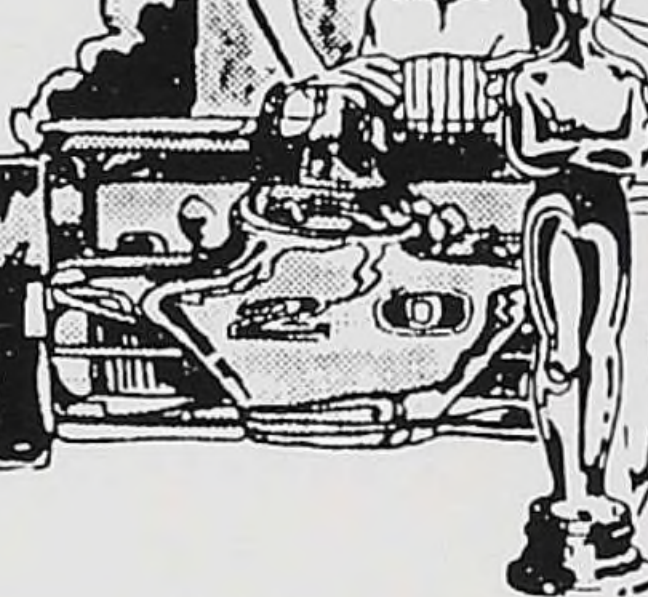

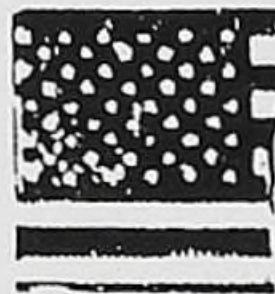

We all understand winning. We've built a great nation around the individual will to win. To get ahead and stay ahead. At work or play, we all compete. We want to win.

Whirlpool Corporation is no different. We compete to win. But a company's will to win is no stronger than the collective spirit of individuals... the results produced no better than combined individual effort. Our will must be strong enough...our results good enough... to compete with the best. We believe they are.

Together we will continue to make and sell appliances second to none in quality and value. Because we want to win. Because winners get to keep competing... and losers don't.
